We explore these fascinating destinations and cultures through expert and qualified local guides in a convivial group of your peers highlighting the cultural, ecological, and even sometimes gastronomical, aspects of the region .

From an educational perspective, our programs include interesting and informative presentations on current issues from both local and Canadian experts, and interactive discussions, together with tours of local medical facilities to show you aspects of the local health care and healing methods in the region. By virtue of several of the destination types that we offer, this will often include complimentary and alternative medicine which is becoming increasingly relevant in Western medicine. The Destination... Bali, Indonesia

Draped languidly across the equator, the charismatic archipelago of **Indonesia** is a smattering of diverse island jewels bobbing around in tropical seas. A visit is a great adventure in waiting – it's truly one of the last intrepid destinations left on the planet. The third most populous nation on earth has an incredible legacy of peoples, cultures and geography just waiting to be explored.

One of the most well known of the islands is **Bali** - a land that seems to have a magnet at its very heart. In Balinese mythology, it is said that the gods created the place to be special. Its purpose is to be a shrine, housing all the deities and the land was sacred and the island goes under many names. Some call it the 'Island of the Gods', others Shangri-La. The 'last paradise', the 'dawning of the world' and the 'centre of the universe' are yet more names for this truly beautiful tropical island inhabited by a remarkably artistic and spiritual people who have created a dynamic society with unique arts and ceremonies.

Like many islands, Bali has developed a world of its own. It not only captures what is special about Indonesia but also has a uniqueness of its own. Daily life is culturally linked to satisfying and appeasing the gods, spirits and demons as the local people celebrate the eternal struggle of "Good and Evil" - the very essence of this largely Hindu island. And, in the midst of breathtaking panoramas of cultivated rice terraces, impressive volcanoes and pristine beaches, lies Bali's main volcano, Gunung Agung, which is still active and considered sacred among local people as it is believed to be the centre of the universe.

The island is small, just 140 km by 80 km and lies between Java, the most highly populated and influential of all the islands, and Lombok, one of the quieter and moderately slower paced islands. Lying just 80 south of the Equator, the island offers a tropical climate with just two seasons a year and an average temperature of around 28o Celsius. It is one of the twenty six provinces of the Republic of Indonesia, divided administratively between eight districts that take their names and boundaries from the island's old Hindu kingdoms.

Economically and culturally, Bali is one of the most important islands of Indonesia. Rice is grown on irrigated, terraced hillsides; other crops include sugar cane, coffee, copra, tobacco, fruits and vegetables. Cattle and hogs are also raised. The Balinese are skilled artisans, particularly in woodcarving and in fashioning objects of tortoiseshell and of gold, silver and other metals. The people are noted for their traditional dance, the distinctive music of the gamelan and for their skills in weaving cloth of gold and silver threads, Songket, as well as for embroidering silk and cotton clothing.

Filled with charm, culture, mysticism and some of the most magnificent scenery on earth, Bali has enchanted visitors for centuries – let it cast its spell over you as we take you on an educational and cultural journey that you will never forget.....

The detailed itinerary...

Day 1 – April 29, 2016 (Fri) - Depart Toronto for Denpasar, Bali, Indonesia

Specific flight information will be provided with your booking confirmation.

Day 2 – April 30 – Arrive Bali (D)

***Ubud** is a remarkable town in the middle of the island of Bali. For more than a century, it has been the island's preeminent centre for fine arts, dance and music. By the early 1960s, Ubud had attained fame as a unique artists' community the entire artistic region around Ubud flourished, including the enclaves of Campuhan, Penestanan, Sanggingan, Nyuhkuning, Padang Tegal, Pengosekon, and Peliatan. Nearby are the centers of wood carving at Mas and of silverware at eluk. Described by many as one of the world's most magical destinations, Ubud, despite the advance of yoga centers, spas, villas, and luxury hotels, remains relatively unchanged and remains the spiritual and cultural centre of the island.*

Arrive Denpasar, Bali in the early afternoon. You will be met by your guide from our local tour operator partner in Bali upon arrival who will take you directly to your hotel for check-in. During the transfer your guide will give you some brief information about your hotel, its surrounding and about Bali as well as explaining your program for the following days. Check-in at your hotel and rest of the day free for your own leisure as you take some time to rest from your international flights.

Welcome dinner and overnight at hotel in Ubud.

Day 3 – May 1 - Ubud – local villages - Dr. Suryani (B,L,D)

Breakfast at the hotel then proceed to village of Batubulan to watch a cultural performance of Barong and Keris Dance which describes the story of eternal fight between good and evil. Then visit the Sukawati traditional market to discover many of the island's handicrafts.

Lunch will be provided at the Pregina restaurant in the Sanur area.

In the afternoon, all group participants will visit with **Dr. Ketut Suryani**, a Balinese Healer and western trained psychiatrist and former head of the Psychiatry Department at Udayana University.

Considered the “mother” of Bali, Dr. Suryani is a world renowned author and keynote presenter at medical conferences around the world who has spent more than 40 years as a medical and social activist for the people of Bali. Dr. Suryani has written numerous books on spirituality, Balinese culture and education and she is currently the head of the **Suryani Institute of Mental Health** which provides advocacy and numerous mental health services for Balinese. The Institute’s vision is to create a healthy community using biopsychospirit-sociocultural approaches and to implementing the balance and harmony in a Tri Hita Karana concept to reach happiness in life. <http://www.suryani-institute.com/>

Overnight at hotel in Ubud.

Day 4 – May 2 – Spiritual healer visits (B,L,D)

Breakfast at the hotel. Continue with a semi-private visit with **Prince Cokorda Rai**, the 79-year young internationally renowned Balinese healer and part of the Royal Family. Observe his **healing sessions with local Balinese people**. Doctors, psychologists, health professionals and others in the medical field make special trips from around the world to study with and observe his masterful powers and brilliance.

Lunch at Café Wyan. In the afternoon there will be the option for exploring Ubud, shopping at the traditional market or wandering the streets that are filled with handmade items, museums, temples, and cafes or you may choose to return to the hotel and relax.

Dinner by the rice field a at Bebek Tepi sawah. Overnight at hotel in Ubud.

Day 5 – May 3 - Ubud – Gunung Kawi Temple, Senang Hati, Tegallalang, Elephant Cave (B,L)

After breakfast there will be an early morning visit to the ancient **Gunung Kawi Temple**, one of the oldest temples in Bali built in the 11th century. Experience the mystery of these historical remains crafted in a side of a small mountain. Surrounded by lush green tropical rice fields -- you’ll have a chance to meditate and listen to the silence. Be sure to bring your camera and good walking shoes as there are several steps to reach the temple.

Continue to **Senang Hati**, a developmentally disabled NGO facility outside of Ubud that works to build a foundation where society accepts, welcomes, and values the equal participation of people with physical challenges. It’s vision is to bring people with physical challenges out of isolation and into society; to build self-worth and provide programs that support their physical and health needs, as well as to teach skills that will assist people with differing abilities to become productive and work towards independence and self-sufficiency, where possible. <http://www.senanghati.org/>

Most of the people are in wheelchairs or other support but all have a indomitable spirit that you feel the minute you arrive. Learn about the work of the foundation and enjoy a mask and dance performance performed by the residents (in wheel chairs). They will also play musical instruments – join in yourself as an accompaniment to this unique performance. There is also a small gift shop that showcases their amazing artwork, all proceeds helping to support the Foundation.

Lunch will also be served at the facility.

In the afternoon, head to **Yeh Pulu**, a site rediscovered in 1925 by archaeologists and covered by moss and shrubs -- yet local people still knew about it and placed offerings at the front of the carvings. Then to **Goa Gajah (Elephant Cave)** - a site mentioned in the Javanese poem Desawarnana written in 1365. An extensive bathing place on the site was not excavated until the 1950s and this appears to have been built to ward off evil spirits.

Continue to **Tegallalang** with its beautiful rice terraces, coconut trees and small river valley.

Evening at leisure. Overnight at hotel in Ubud.

Day 6 – May 4 – Ubud – Royal Family & Udayana University (B,L)

Breakfast at the hotel.

This morning, enjoy a **private meeting and tour at the Peliatan Palace with a member of the Peliatan Royal Family**. The village of Peliatan, once the seat of an offshoot of the royalty of Sukawati, is renowned for artistic activities. Their gamelan instrument and dance troupes travel abroad as cultural ambassadors – including one of the living princesses who, in the 1930s, was the first Balinese dancer to travel to the US with Bob Hope and Fred Astaire. Peliatan is also a centre of painting and woodcarving and many artist studios can be found among its Main Street and back lanes.

Then continue to **Udayana University** for lunch and a tour of the campus before an afternoon of **medical seminars** from both local and Canadian physicians as well as a dialogue with the Faculty of Medicine including it's local professors led by Dr. Mel Borins. There will be a separate activity for **non-physicians** to see some of the local sites in Denpasar including time for shopping in one of the local markets.

<http://www.unud.ac.id/eng/about>

Return to Ubud.

Evening at leisure. Overnight at hotel in Ubud.

Day 7 – May 5 – Ubud – Candi Dasa (B,L,D)

After breakfast, depart Ubud for Candi Dasa (which means ten temples), an elongated coastal village resort area on the east side of Bali surrounded by spectacular mountains.

There will be several sightseeing visits along the way. Stop at **Kerthagosa**, the name of the former Royal Courts of Justice in Klungkung - set in a courtyard of ponds, the highlight is an elaborately decorated ceiling featuring the *wayang* style of painting.

Continue to **Besakih**, where you will stop for lunch at a local restaurant where you will dine surrounded by great panoramas over rice field terraces with Mt Agung (Bali's highest volcano (2 567 m) in the background.

In the afternoon drive along small, scenic roads to **Besakih**, known as the 'Mother Temple' of Bali. Located on the western slopes of Mt Agung, Besakih is the largest and most important temple on the island. En route you will also stop in the village of **Sibetan** to observe traditional weaving and visit a salak plantation where you can taste Bali's famed 'snakeskin' fruit.

Check into the hotel in Candi Dasa. Dinner and overnight at hotel in Candi Dasa.

Day 8 – May 6 – Candidasa, including Bali Asli and Tirtagangga (B,L,D)

Breakfast at the hotel and then depart to **Bali Asli** for a village walk and cooking demonstration followed by Megibung Lunch.

Bali Asli is nestled in the foot hills of Mount Agung, Bali's most sacred mountain, surrounded by rice fields, and promotes Balinese cuisine and culture through community partnerships supporting those who fish, farm and forage in the nearby fields, ocean and jungle.

The name 'Bali Asli' means 'original Bali', and this concept is what shaped the venture from the beginning. The produce and ingredients for the dishes here come from the surrounding area—either from the traditional market or the restaurant's own organic garden.

Enjoy a cooking demonstration using a traditional Balinese style kitchen showing you traditional Balinese recipes with cooking done on wood-fired, mud brick stoves, allowing the real flavours of Bali to shine through - you won't find a single electrical cooking appliance on the premises.

You will receive an introduction to the Balinese ingredients and an open discussion about how they can be used for medicine, ceremonies and cooking, followed by Bumbu Bali, the essential Balinese spice mix, sate lambat be siap, minced chicken wrapped around lemon grass, tipat santok, seasonal steamed vegetables with peanut sauce and traditional rice cakes. Then enjoy the results of this cooking demonstration for your lunch.

The menu here is inspired by a Balinese dining tradition called *Megibung*, which began with the kingdom of Karangasem in the 17th century. At that time, Balinese warriors in Lombok were joined by the king of Karangasem, who insisted on sitting with his soldiers during meals and sharing food and drink all around. This helped the men to bond, deepened their sense of loyalty to the kingdom, and sparked a style of eating that continues on today. At Bali Asli, the dishes are meant to be savoured together with friends and family in a relaxed and casual setting overlooking the spectacular views of the volcano and rolling green valleys.

In the afternoon, visit **Tirtagangga** (holy water of the Ganges in Balinese), considered one of the world's most romantic gardens. Gushing springs flowing from beneath an ancient Banyan tree and holy temple fill the myriad reflecting and swimming pools that grace the Water Palace.

Return to Candi Dasa.

Dinner and overnight at hotel in Candi Dasa

Day 9 – May 7 – Candidasa – Tengagan – Mengwi (B,L,D)

The central part of Bali is famous for its wonderful views with rolling green landscapes, clove and coffee plantations and spectacular terrain including the imposing Mount Batukaru, Bali's second highest peak at 2,276 metres. The town of **Mengwi** has a long and rich history associated with its royal family, and the best modern day manifestation of this is the splendid temple complex at Taman Ayun.

Breakfast at the hotel with time for relaxing before checking out of the hotel and driving to **Tenganan**. This village is home to the **Bali Aga people**, Bali's first inhabitants who were there even before the arrival of the Majapahit dynasty who came from Java. You'll see the village's primitive architecture as well as observe the weaving of rare "double ikat" pattern and basket weaving.

Lunch at a local restaurant.

After lunch, stop at the coastal fishing village of **Kusumba**, to observe the colourful fishing boats lined up all along the beach as well as the small salt-making huts.

Then continue on to **Mengwi** where you will stay in the ancient village at Puri Taman Sari. This is a **Traditional Balinese compound** owned by a member of the royal family of Mengwi, one of Bali's main kingdoms of old, nestled in shady coconut groves, surrounded by ricefields and rivers. This is your chance to see Bali as you would have found it in the 1920's. Enjoy privacy while having the exclusive and unique experience of seeing a private Balinese household in their daily ritual of life as they pray, live, cook and eat..

Day 10 – May 8 – Mengwi (including Taman Ayun, Monkey Forest, Tanah Lot) (B,L,D)

After breakfast, spend time taking in this small remote village witnessing it's fascinating daily activities including a group session with a **local Balinese herbalist** from the village for all members of the group (private sessions will be available at an extra charge).

Mid morning, **physicians**, will visit **Amrtasiddhi, a local Ayurveda & Yoga Health Centre**, for a presentation on the principles of Ayurveda followed by lunch at the Centre.

Amrtasiddhi has professional Ayurvedic doctors and therapists who work with patients to improve their physical, emotional and spiritual well-being. The Centre offers Ayurvedic consultations, treatments, medicines and healing activities that promote a deep balance and long-lasting well-being and these practices are supported by Yoga and T'ai Chi.

<http://www.amrtasiddhi.com/>

Ayurveda is a traditional, natural system of medicine that has been practiced for more than 5,000 years in South East Asia and India. Ayurveda provides an integrated approach to preventing and treating illness through lifestyle interventions and natural therapies and the removal of toxins from the body. Treatment is based on herbal remedies (in the form of injectables, ointments, oils, tablets and liquids) which are used as day to day remedies against major human diseases. It may involve naturopathic treatment against aging and the use of steam along with herbs. Ayurvedic theory states that all disease begins with an imbalance or stress in the individual's consciousness. Lifestyle interventions are a major Ayurvedic preventive and therapeutic approach. There are now ten Ayurveda clinics in North America, including one hospital-based clinic that has served 25,000 patients since 1985.

Non-Physicians will enjoy free time, and lunch, in the village compound.

In the afternoon, leave the compound to explore more of the local cultural sites, stopping first at **Taman Ayun Temple**, a legacy of its glorious kingdom's era. Pursuant to Papyrus Chronicle of the Mengwi (Lontar Babad Mengwi), this temple was sanctified in the year 1634. Then continue to **Alas Kedaton – Monkey Forest**. Alas Kedaton is a small forest located in the middle of rice fields in Tabanan regency, in the west part of Bali.

The monkeys here are free, gallivanting in the temple yard. They serve as the custodians of the temple, and are always ready to greet visitors. Also, at least 24 types of grove plants have been identified in Alas Kedaton.

At the end of the day, continue to **Tanah Lot** to see the Kecak Dance and a spectacular sunset followed by dinner at Melasti Restaurant by the ocean.

Return to Puri Taman Sari (Mengwi) for overnight.

Day 11 – May 9 – Mengwi – Pemuteran (B,L,D)

*When a small group of pioneer investors bought land in the area in the mid-1980s, they vowed to adhere to the ideals of gentle tourism and to create a hideaway for discerning visitors, in which they succeeded. **Pemuteran** is an eco-friendly village that lies in the shadow of mountains to the south and to the north is Menjangan Island, one of the best diving areas in the world.. Pemuteran is considered the capital of the “unseen” or the spirit world and also has the largest area of shallow coral reefs in Bali being easily accessible and free of strong currents and waves making it perfect for swimming, snorkeling and diving.*

Breakfast at hotel then travel to the north west corner of the island to Pemuteran. Witness the magnificence of Bali on the way to this picturesque coastal village. On the way, visit the **Ulun Danu Temple** and **Candi Kanung traditional market**.

Lunch will be provided at local restaurant. Arrive late in the day and witness one of the many spectacular sunsets.

Named after a local species of deer (hence the name of the island is also often translated as Deer Island), Menjangan Island is technically part of **West Bali National Park**. The habitat is very varied with rainforest, dry savanna, acacia scrub and lowland forests, as well as more mountain forests in the higher centre. There are also some pockets of dense mangrove forest. Over 160 bird species are found in the park, including the near extinct Bali Starling, as well as several mammals including the Banteng (a species of wild cattle). Java Rusa and Indian Muntjac deer, wild boars and leopard cats.

Enjoy the day snorkeling or relaxing by the beach. Lunch is included.

Dinner and overnight at hotel in Pemuteran.

Day 14 – May 12 – Pemuteran – Sanur (B,L,D)

Sanur is Bali's oldest upscale resort area and is a mature beach-side town. Despite the abundance of restaurants and accommodation, it has a quiet and relaxed feel to it. It is an excellent base for exploring some of Bali's southern sites or relaxing at the end of a circular tour of the island.

The northern part of Sanur beach was used as the landing site for the Dutch invasion troops during the Dutch intervention in Bali (1906). During World War II, Sanur was again the entry point through which the Japanese forces landed to occupy the island of Bali.

Breakfast at hotel and relax until midday. After lunch, head south through the eastern aspects of the island for your final two nights in Sanur Beach.

Before dinner, Dr. Mel Borins will make his keynote address entitled "A Doctor's Guide to Alternative Medicine- What Works, What Doesn't and Why" based on his newly released book of the same name. He will also provide an overview of Traditional Healing Around the World with specific references to **Balinese Traditional Healing** followed by group question and answer session regarding Different Balinese Healing Practices.

Dinner and overnight at hotel in Sanur.

Day 15 – May 13 – Sanur (B,D)

Breakfast at your hotel and your final day is at leisure - maybe some shopping for local Balinese handicrafts, see how the local jewelry is made or visit other arts interests in the area. Or just relax at your hotel by the pool or in the ocean. Lunch on your own and in the afternoon head to Jimbaran beach where you will have a chance to go for a final swim in the mild waters before enjoying a **Farewell Seafood BBQ dinner right on the beach** while watching a beautiful sunset.

Overnight at hotel in Sanur.

We strongly recommend that you take out travel insurance to provide you with peace of mind due to, in particular, limited provincial health care coverage afforded to Canadians while traveling overseas and the cancellation provisions inherent in your booking. We offer two insurance coverage options –

Non-medical package – There are **significant inherent cancellation penalties** associated with your booking as detailed in our booking terms and conditions and this insurance package provides coverage for all monies paid for your trip if you should have to cancel due to medical, or other listed, reasons either relating to yourself or a member of your immediate family. It also covers you for trip interruption costs short notice return flight home etc) for medical reasons again, either relating to yourself or an immediate family member as well as flight and travel accident and baggage insurance.

Deluxe package – provides coverage for all the components in the non-medical package, plus unlimited health coverage while in the destination

Note, if you believe you may have coverage through your **credit card** we would strongly advise checking with the credit card company the actual coverage afforded to ensure it covers medical, trip cancellation and trip interruption as not all of these items are covered (or may only offer limited coverage as to trip duration or insured \$amount in the event of a claim - sometimes as low as only \$1,000 per person) by all kinds of cards.

For residents of Ontario, simply accept your choice of insurance (Non-Medical or Deluxe coverage) on our *online* registration form and we will apply the premium above on your invoice confirmation (if using our *pdf* registration form, enter the applicable premium from the above table when completing the registration form)

For residents of Canadian provinces other than Ontario, insurance regulations state that travel insurance should be taken out directly with RBC Insurance, albeit through a direct web link hosted on our web site at www.DoctorsonTour.ca . You should purchase your travel insurance policy by clicking on the RBC Insurance button in the "Useful Links and Files" section of our Spain web page within the Upcoming Programs section of www.DoctorsonTour.ca .

Non Canadian residents should make their travel insurance arrangements independently, as our travel insurance provider, RBC insurance, only allows for travel insurance coverage to be sold to Canadian residents.

Dr. Allan Bortnick, Toronto, On. - Bali, 2015

Finally, a personal word from your Group Leader and Medical Director, Dr. Mel Borins from a previous Doctors-on-Tour program that he led to Bali -

“We wish you would have been there on Jimbaran Beach at the closing dinner to hear the amazing feedback from our tour. I asked everyone to share their favourite moment, how they have been changed by our trip and what they will be taking home with them to Canada. The responses were amazing. People were touched deeply by the experience.

Many people said one of their favourite experiences was the special temple visit at night in Permuteran with Agung Prana.

People loved the snorkeling and the sunsets and connecting with the spirituality of Bali.

They appreciated the beautiful smiling, welcoming, kind people of Bali which they never would have discovered by themselves.

People appreciated our guide Suardana and our driver Wayan

They loved the immersion in the culture and being in people's homes. Many people said they have become believers and more aware of their spirituality.

They had a glimpse of the real Bali just as we had intended.

Bonnie and I were thrilled with the positive feedback and the gratitude that people had for us leading the tour.

Our dream was to share Bali as we know it and our dream was fulfilled.

In the event of illness, medical and hospital expenses are the traveler's responsibility and no refunds will be made, partial or total, for the purchased tour. ACCOMMODATIONS: We use a variety of accommodations on our programs with many of our properties specifically chosen to reflect the local style and culture of the region. Our rating system reflects the majority of the accommodations throughout each program but some variety can occur. Ratings are based not only on room quality but also on facilities and location. Accommodation ratings in overseas destinations outside of Canada are an arbitrary measure and their definition from country to country can differ slightly as well as not always being consistent between individual properties in that particular destination nor are they necessarily comparable to an equivalent rating in North America. Rooms are assigned by the respective supplier(s) on a run-of-the-house basis, in category (ies) as specified in the itinerary and the right is reserved to substitute properties/hotels/lodges/camps/cruise/ships as conditions warrant such change for reasons beyond our control. Accommodations on twin occupancy basis, is provided at the properties/hotels/lodges/camps/cruise ships as specified or similar. Single room supplements apply to persons occupying sole use of a room/cabin but travelling with other passengers on the same tour and sharing transport cost on transfers, game drives, coach tours, sightseeing and excursions. Quoted single room rate does not necessarily mean single occupancy of a double room, as several of the establishments offered have especially designed single occupancy units.

SINGLE PASSENGERS TRAVELLING TOGETHER: If you are travelling with a companion and each paying separately the regular each of two double sharing accommodation rate and your companion decides to cancel, the remaining travelling passenger will be responsible for either finding a replacement travelling companion to take the cancelled passenger's place or must pay the single supplement and travel on a single basis.

MEALS & BEVERAGES: Meals as included on our itineraries are either buffet meals and/or table d'hôte. Meals ordered through room service are not included and must be paid directly to the establishment. Alcoholic beverages, soft drinks, and bottled water are included only where indicated on the itinerary. Unless specifically mentioned in your itinerary, all drinks (both alcoholic and non-alcoholic) are to purchased and paid directly to the establishments.

OPTIONAL TOURS, EXCURSIONS AND TRIP EXTENSIONS: It is our intent to operate any Optional Extensions on a private group basis. However, should the number of participants be of an insufficient level, we reserve the right to either -

- (1) add a surcharge to the previously stated selling price to be able to still offer the extension on a private basis or
- (2) operate any individual tour on a shared basis with other non-group participants or
- (3) cancel the tour and provide a full refund of all monies paid.

No refunds can be provided for cancellation of any tour by the client while in the destination.

SPECIAL REQUESTS: While we will make every effort to accommodate special requests, eg., room/cabin locations, adjoining rooms, non-smoking rooms, bed preferences, special dietary meal requests, these cannot be guaranteed and DOT/OT/BIC cannot be held responsible if such requests cannot be fulfilled. Requests for upgrading rooms/cabins are subject to additional charges. Any deviations to the standard program arrival and departure flight dates should be notified to us by separate e-mail at the time of booking and are subject to availability and also any applicable flight class supplement.
