A Doctor's Guide to Alternative Medicine

What Works, What Doesn't and Why

North York Central Library
5120 Yonge Street
Auditorium

Wednesday March 2, 2016
7:00 p.m.

Dr. Mel Borins discusses which alternative treatments work, which don't and, according to the latest scientific research, why they do and don't. This presentation will be of interest both to skeptics about alternative medicine looking for hard evidence and to those who are open to alternative medicine but want to understand its benefits and dangers.
